

★ SINGING ANGEL TREE DECORATIONS.

SWEET SINGING BAUBLES TO MAKE YOUR CHRISTMAS TREE A CELESTIAL FEAST!

HERE'S WHAT YOU DO

1. Print out the angel template.
2. Trace the template onto your brightly coloured card and cut out, creating slits as shown.
3. Next take your white card and cut out a head shape, drawing on eyes and a smile. Glue it to the angel body in the position as illustrated on the template.
4. Take the heart template, cut out and glue onto the body as shown, feel free to use different colour card.
5. To bring the angel to life, curve the body to make a cone shape and slit the wings into each other. This will allow the angel to hold its shape.
6. Glue something glittery to the angel's hair, to make sure she sparkles from your tree.
7. Finish off by threading some cotton or string through the top of the decoration (avoid piercing her face!) and hang on your tree.
