CUT

HERE'S WHAT YOU DO

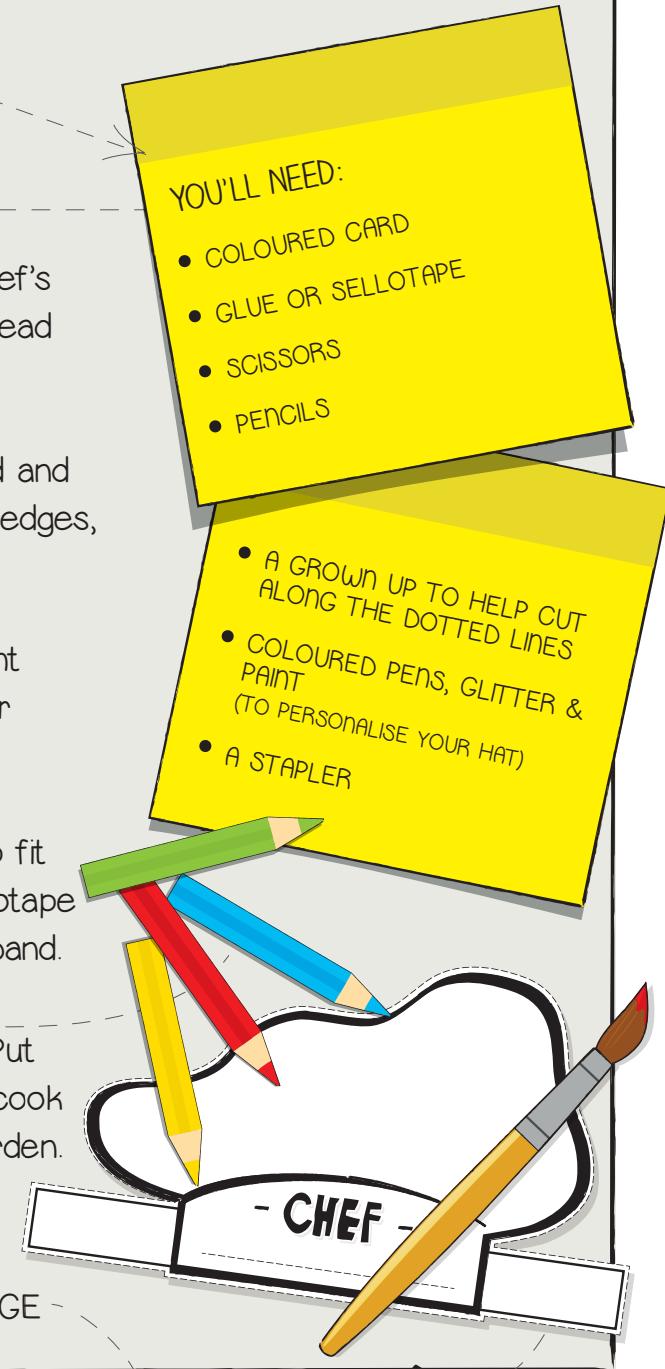

1. Print off the next page containing the Chef's Hat template, then cut out the hat and head band following along the dotted lines.
2. Place the templates onto a piece of card and use a pencil or pen to trace around the edges, then simply cut them out.
3. Decorate your chef's hat and be as bright and creative as you want! Then fill in your own name in the space provided.
4. Using the head band, ask an adult to help fit the hat to your head, and with some sellotape or a stapler attach the hat to the head band.
5. Now you're ready to be a master chef! Put an apron on and help your Mum or Dad cook dinner in the kitchen or a BBQ in the garden.
