

★ PUT LAST YEAR'S CHRISTMAS CARDS AND WRAPPING PAPER TO GOOD USE AND MAKE A PAPER WREATH FOR EVERY DOOR IN YOUR HOUSE. ★

## HERE'S WHAT YOU DO

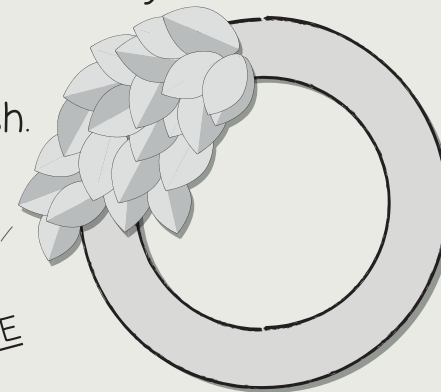

1. Print out the leaf template and trace a nice selection of shapes onto card (use as many colours you like!). Cut out.
2. Next cut out a ring shape from an A3-sized white card. A Quality Street tin lid would provide a perfect template
3. Now it's time to attach the leaves. Start at the top and layer the leaves, carefully ensuring you don't see any of the card underneath.
4. Add a bow to finish.
5. Hang anywhere you please!
